Note: This form applies to properties that are currently addressed by a house name which requires amending and / or properties which are to have their main access changed from their existing address to another road name. This can be due to a new road being created changing your existing access or if a property is on a corner of two roads and the main entrance/driveway has been relocated.

Properties that are solely changing their name must only apply if the name is the main property identifier instead of a street number. (e.g. The Cottage, High Street, Shanklin or 1 Rose Cottages, High Street, Shanklin).

Properties that are currently using a name as well as a street number (deemed an 'alias') need not inform the council of a name change but the number **must** be used at all times. (e.g. Dove House, 1 Main Road, Rookley). It is the number that the emergency services etc will use to locate your property. Royal Mail will **not** address a property by a name and a number.

You will receive a letter confirming that the change has been made approximately 10 days after this form is received by us. At which time you may alter any signage that identifies your property. It is advisable to display a notice for a short period of time i.e. 3-6 months, informing persons of the previous property name to aid delivery of post still marked with the old address.
